Poland in an Integrated Europe **Perspectives for sustainable development, greater innovation** **and strategic partnership in the globalized economy**

Wednesday, April 30, 2008

4:30 to 6:00 p.m.

Oksenberg Room

Encina Hall, 3rd Floor

616 Serra Street

Stanford, CA 94305-6055

Stanford University

Economic security, sustainable development, clean energy and energy security, better regulations, greater innovativeness and the growing share of Polish economy in the international market; these are the main priorities of the Polish government and Ministry of Economy. How is Poland going to handle the 21st Century challenges? How will Poland find its niche in the globalized economy? These are the questions that will be discussed by the Polish Deputy Prime Minister and Minister of Economy, Mr. Waldemar Pawlak.

Born in 1959, Mr. Waldemar Pawlak graduated from the Warsaw University of Technology with an engineering degree in automotive and construction machinery. He has served as a member of the Polish Parliament since 1989; as President of the board of the Warsaw Commodities Exchange from 2001 to 2005; as Prime Minister of Poland in 1992 and again from 1993 to 1995; and as Deputy Prime Minister and Minister of Economy of Poland since November 2007.

Please RSVP in advance: <http://fce.stanford.edu/events/registration/5306/>

Jointly sponsored by the US-Polish Trade Council, the Consulate General of the Republic of Poland in Los Angeles, the Forum on Contemporary Europe, and the Center for Democracy, Development and the Rule of Law at the Freeman Spogli Institute, Stanford University.
